Dear student,

SKOLA first welcomed students to London in 1969. Over 50 years' teaching experience goes into our Junior English Summer School in London and our 1:1 online English lessons.

Our dedicated teachers will develop your confidence in English so you can make friends with students from other countries.

With SKOLA you can learn English, learn about London and discover other cultures. So learn English for your future and book a summer course with SKOLA.

BEN TOETTCHER,
DIRECTOR

SKOLA SERVICES:

Accommodation, car service and airport transfer

RESIDENCE

SKOLA's Summer Residence at Nutford House in Marylebone is the perfect location for students aged 12-17 in London. Students have single bedrooms with shared bathrooms. They go to classes at SKOLA Regent's Park each day, only a 20-minute walk through historic Marylebone. All meals are provided as well as extra activities before and after dinner.

HOMESTAY

Our students over 12 years old who stay with a homestay never stop practising their English. Students usually request their own room, unless travelling with a sibling or friend where a twin is available. Breakfast and dinner is with the host who often plans a trip at the weekend with the student.

CAR SERVICE

Students under 14 must use our home-to-school car service available within a 4 mile radius of the school. Students 14 and over can also book this.

AIRPORT TRANSFER

Unaccompanied minors over 12 can also choose our meet and greet and assisted check-in service at the airport. It allows for a smooth transition for students who are often travelling alone for the first time.

SUMMER SCHOOL IN LONDON FOR 5-9 YEAR OLDS

In SKOLA Gloucester Gate students learn in dedicated classrooms for this age group from 7th July - 30th August 2025.

Each week has a project for the lessons, the Discover London visits and Friday party. For example: The natural world, with visits to the London Aquarium or the Natural History Museum.

Morning English classes develop grammar, vocabulary, reading, writing and speaking. After sports and play in the park, students develop their English through tasks leading to a final presentation on Friday.

For half-day students, it is advised to add an excursion so students can go on the Wednesday excursion and the Friday afternoon for presentations and the party.

Students can go on the Saturday excursion if accompanied by a parent or guardian.

SKOLA REGENT'S PARK

SKOLA has developed a very special summer programme for children and teenagers. Our carefully selected teachers are ready to help your child take their English to the next level. Our activity leaders also make sure they have a great time too.

Each week has a theme for the lessons, the Discover London visits, and the activities. For example, London Calling - a geography-based week has visits to the London Eye and the National Portrait Gallery.

Lessons build language around the theme including grammar, vocabulary, reading, writing, and speaking. Our 10-12 year olds follow our London Explorers course which includes two hour per week to develop their exploring skills.

Our 13 - 17 year olds follow our London Leaders course with two hours per week to develop their leadership skills.

Students develop work related to all the learning and the visits, such as a poster, a talk, a play, or even a video. They present their work to the school on Friday afternoons.

Where are our students from?

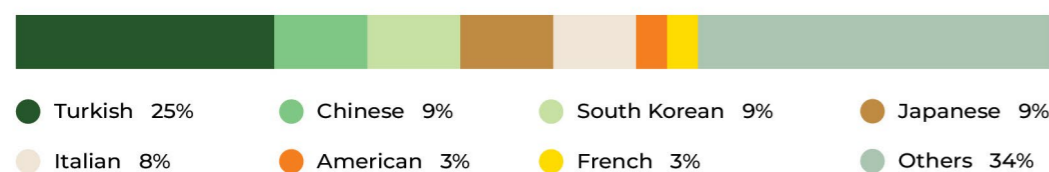

We want students to learn English and discover other cultures by making friends with people from all over the world. That's why we operate a quota system where only a maximum of 20% of the students can come from any one country or speak any one language.

You can visit skola.co.uk/register to check the country availability chart on our registration page to make sure your language is still available.

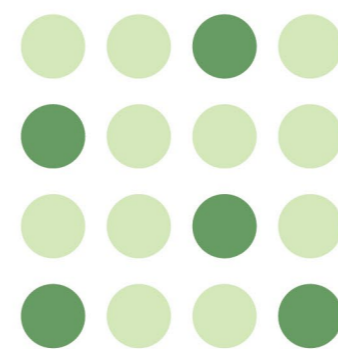

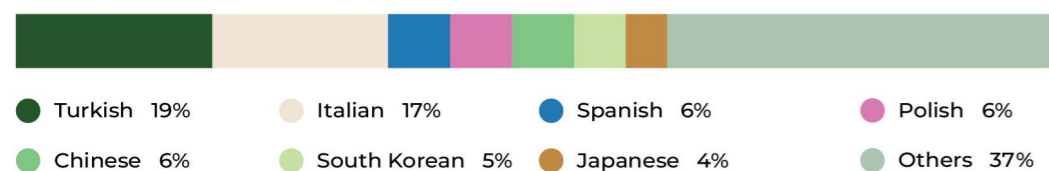

Nationalities split by age

JUNIOR (5-9) AT GLOUCESTER GATE

TEENS (10-17) AT REGENT'S PARK

33%

is our maximum quota from any one nationality in one class. This helps create a diverse and enriching learning environment.

CONTINUE LEARNING ONLINE

Keep learning with SKOLA all year. Our 1:1 online lessons are perfect to help you pass important school exams.

They allow teachers to work individually with each student at a fraction of the cost of a face-to-face lesson in a school.

They particularly help with speaking and pronunciation, something many parents want most for their children.
